Profile

Motivated MCA postgraduate with hands-on skills in Python, Java, SQL, and Power BI. Experienced in building data analytics dashboards and mobile apps using Flutter. Passionate about problem-solving, data analytics, and creating user-friendly applications. Seeking an entry-level Data Analyst or Software Developer role to apply technical skills and grow professionally.

Internship

Flutter App Developer Intern

Samsel

- Developed a cross-platform mobile application using Flutter with a responsive UI for Android and iOS
- Implemented core features including user authentication, navigation flows and dynamic content loading
- Debugged critical issues and optimised application performance through improved state management

Projects

Blinkit Sales Analytics Dashboard

Data Analytics | Power BI

- Built an interactive Power BI dashboard tracking 1.20M in sales across 8,500+ products, 4 outlet types and 3 city tiers with dynamic slicers for real-time drill-down
- Created DAX measures and uncovered Supermarket Type 1 drives 65% of total revenue, providing actionable insights for inventory and expansion strategy

Online Book Rental Application

Mobile App | Java, XML

- Developed a mobile app for browsing, renting, and managing books with a user-friendly interface
- Implemented complete rental workflow including book listing, duration selection and return management

Micro-Investment Platform

UI/UX Design | Figma

- Designed an intuitive prototype for stock and crypto micro-investments
- Focused on simplified onboarding for first-time investors with no financial background

Marketing Management System — Samsel

Flutter | Firebase

- Built a cross-platform field sales management application using Flutter and Firebase
- Implemented live GPS location tracking for field agents to monitor territory coverage in real time

Certifications

- Great Learning — Basics in Blockchain
- Coursera — Advanced Data Analytics
- NPTEL — Data Analytics Using Python
- TVS Training & Services — UI/UX Design
- Inlustr — Core Java & Full Stack Development

Strengths

- Strategic Thinking & Problem Solving
- Strong Communication & Team Collaboration
- Adaptability & Quick Learning Mindset
